

Dobrinski Brothers Inc.

RR1 Box 482-B

Falls, PA 18615

Ph: (570)836-8301

Fax: (570)836-6884

Dobrinski Brothers, Inc. is currently seeking a full time surveying technician for our growing construction company. The candidate must have the ability to act as an instrument person with the aptitude to obtain crew chief status. Applicant must be able to perform various survey tasks utilizing a total station, GPS, data collectors and levels. The applicant must have considerable knowledge of standard terminology, techniques, and practices of construction surveying including proficiency with AutoCAD. In addition, the technician must be able to read and interpret engineering plans, prepare maps, drawings and charts from field notes, work without direct day-to-day supervision, and have the ability to engage in field work for extended periods of time and under adverse weather conditions as necessitated by work assignments. The applicant must have a high school diploma, including or supplemented by course work in engineering field surveying, mathematics, and field survey work. Salary is commensurate with experience, EOE. Interested candidates should send resumes to craig.harabus@dobrinskibrothers.com or mail to Dobrinski Brothers Inc., RR1 Box 482-B, Falls, PA 18615.
